INTERN FULL-STACK DEVELOPER

AI & MACHINE LEARNING | CLOUD COMPUTING (AWS) | WEB DEVELOPMENT

I'm a passionate software engineer with a strong background in web development and full-stack solutions. With a degree in Software Engineering and two years of hands-on experience, I've worked on designing, building, and launching web applications that are both efficient and scalable. I have a keen interest in AI, Machine Learning, and Cloud Computing (AWS), always looking for ways to integrate smart solutions into modern tech. Problem-solving is my strong suit, and I thrive on creating high-performance applications. I'm excited to bring my skills and innovative mindset to a dynamic team where I can make a real impact.

WORK EXPERIENCE
